

NINETYPLAN.

THE FINALIST WITH PAPER WINS.

The email lands Friday at 4:47: “Come prepared to present your 30-60-90 plan.” NinetyPlan starts from the actual job posting, pulls its stated priorities into three phases, and exports a one-pager or deck — so Monday you’re the finalist sliding paper across the table, not the one saying “hit the ground running.”

WHO IT'S FOR

Job candidates heading into final-round interviews — plus newly promoted managers who need a credible first-90-days plan by next week.

THE ANGLE

Hiring managers have seen every template on page one of Google. A plan built from the role’s own posting reads like you already work there.

HOW IT WORKS

01**PASTE THE POSTING**

Add your background beside it — that’s the whole input.

02**THREE PHASES BUILD**

Days 1–30 learn + one quick win; 31–60 take ownership; 61–90 the results the posting asked for.

03**EXPORT & PRESENT**

A clean one-pager or slide deck, ready for the room.
